

ACHIEVERS™

Become a Great Leader – Build Yourself First

Described by graduates as “life-changing,” Achievers™ is the cornerstone program of Bell Leadership Institute, designed to help you lead like the best in the world with a deep understanding of your personal strengths, weaknesses and motivations.

Based on a half century of research and consulting with thousands of leaders across the world, Achievers™ provides a unique framework to understand highly effective leadership in a personal context. While other leadership programs give you an assessment of how you behave, Achievers™ goes deeper, leaving you with key understandings of why you behave as you do. Knowing yourself deeply and how your behaviors affect others enables you to develop your unique leadership style.

Achievers™ provides leaders at all levels the pivotal tools to improve their leadership skills immediately, while also creating lasting change for a lifetime.

YOU WILL LEARN TO:

- Build practical skills required to positively impact people at every level of an organization.
- Develop the six Achiever core competencies of exceptional leaders.
- Reduce ineffective behaviors that hold you back from achieving your leadership potential.
- Assess your strengths and weaknesses as a leader.
- Understand your personality, your motivations and how your results affect others.
- Grow your self-confidence as a leader to gain commitment from your team.
- Create an action plan that enhances and sustains your leadership skills and effectiveness.

“The seminar was a ‘LIFE CHANGER’ for me in both my personal and professional life. I was able to immediately implement the concepts that I learned and act on the feedback I received from the 360-survey. Jerry Bell is a great teacher and motivator, and I came away from this seminar dedicated to change my leadership style in all aspects of my life. I can already see the results.”
