

ACHIEVERS™

Become a great leader—Build yourself first

Achievers™ is the “life-changing” cornerstone program of the Bell Leadership Institute designed to help you lead like the best in the world with a deep understanding of your personal strengths, weaknesses and motivations. Achievers™ provides leaders at all levels pivotal tools to immediately improve their leadership skills and sustain their effectiveness for a lifetime.

Founded on a half century of research and consulting with thousands of leaders, **Achievers™ provides a unique framework to help you recognize and implement highly-effective leadership techniques.** While other programs assess how you behave, Achievers™ leaves you with a thorough understanding of why you behave as you do. Knowing yourself deeply and understanding how you impact others enables you to develop your own personal and effective leadership style.

KEY LEARNINGS & TAKEAWAYS

- **Build the skills required to positively impact people** at every level of the organization.
- **Develop the six Achiever Core Competencies** of exceptional leaders.
- **Reduce ineffective behaviors** that hold you back from achieving your leadership potential.
- **Understand your personality, your motivations** and how your results affect others.
- **Create an action plan** to enhance and sustain your leadership skills and effectiveness.

“ I just want to take a few minutes to thank the Bell Leadership team. You are true professionals. My experience with the Bell team was tremendously helpful for me to better understand myself, learn steps to move forward to be good at getting better and was truly **LIFE CHANGING**. Thank you all for the help. I will remember it forever. ”
